

BEST WISHES and Merry Christmas TO ALL

Best wishes for the festive season to all members, readers and families from the club committee. May the New Year bring you health, wealth and happiness. May you have blue skies, light winds and plenty of flying.

As editor, I would like to especially thank all those who have contributed articles and photos in the past 12 months. Please keep those contributions coming in — we need them all.

Please make every effort to attend the Club Muster, flying competitions, hangar BBQ and AGM on the weekend of 7th and 8th February 2009. We've made it later this year in the hope of getting some better flying conditions than the last couple of years... we can but hope. (Further details on back page.)

Please also mark your calendar for the SAAA Chapter 10 Fly-In at Bunbury on Saturday 21st March 2009 and keep the month of May free for the **BIG** club trek to Carnarvon and points nearby — more details will be given at the AGM.
