

Ian with his pride and joy

Triker News is up and running again after a longer than anticipated break.

Time constraints are always a factor in the preparation and publication of the newsletter. I hope you will bear with me when publication is interrupted.

But, now that I no longer have any involvement in HGFA matters, I plan to be able to have Triker News out to you on a more regular basis. For the time being, Triker News will continue bi-monthly.

Please keep stories and photos coming in. Special thanks to Jim Foster for the great story which commences on Page 2. Enjoy!

Paul

First XT-912 Tundra SST in WA
